

LRES1012PT

—PCIe x8 Dual-port 10G Copper Ethernet Network Adapter (Intel X710)

Overview

LRES1012PT is a dual-port copper cable 10G Ethernet PCIe X8 Ethernet network adapter independently developed by Shenzhen Liangrui Electronics Co., Ltd. based on Intel master control scheme, which is compatible with PCIe X16 channel. The adapters are designed primarily for use on servers and their application devices, as well as for common servers.

The LRES1012PT was developed based on Intel's dual-port 10G multi-rate Ethernet MAC+PHY

Key Features

1. Based on Intel master dual port 10G Ethernet network adapter,
2. Compatible with PCIe X16 channels.
3. This adapter applies to the server and its application devices.
4. NBAE-T support with 2.5G and 5.0G and adaptive link rates.

Specifications

Controller	Intel X710
Baffle Height	Full-height & half-height bracket
Power Consumption	9.6W
System Support	Windows 10
	Windows Server 2016 R2/2019 R2
	Linux Stable Kernel version 3.x/4.x or later;
	Linux CentOS/RHEL 7.x or later;
	Ubuntu 16.x or later;
	VMware ESX/ESXi 4.x/5.x/6.x or later
Bus Type	PCIe v3.0 x8, compatible with x16
Data rate per port	100/1000MbE/2.5/5/10GbE
Connector	2*10G RJ45

Technical Features

Protocol Support	IEEE 802.3an 10GBASE-T Ethernet IEEE 802.3bz 2.5/5GBASE-T Ethernet IEEE 802.3ab 1000BASE-T Ethernet IEEE 802.3u 100BASE-TX Ethernet IEEE 802.3az - Energy Efficient Ethernet (EEE) IEEE 802.3z IEEE 802.1Q VLANs IEEE 802.3x IEEE 1588
iSCSI	No
WoL	No
Jumbo Frames	YES
DPDK	Yes

PXE	Yes
FCoE	No

Environment Features

Operating Temperature	0 °C to 55 °C (32°F to +131°F)
Storage Temperature	-40 °C to 85 °C (-40°F to 185°F)
Storage Humidity	Maximum: 90% non-condensing relative humidity at 35 °C

Physical Features

PCB Size(mm)	161.8*68.8*1.6
Weight(g)	*

LED Indicators

LED Indicators	10Gbps: Green Link + Green Blink
	5.0/2.5Gbps: Yellow Link + Green Blink
	100/1000Mbps: Green Blink

Order Information

P/N	Description
LRES1012PT	PCIe x8 Dual-port 10G Copper Ethernet Network Adapter (Intel X710)

PS: Above details are only for reference, if there is any change, no prior notice.

Product Structure

1. High efficiency radiator
2. 2*10G RJ45 Connector
3. PCIe x8 Bus

PS: Above details are only for reference, if there is any change, no prior notice.

PS: Above details are only for reference, if there is any change, no prior notice.

Product Quick Guide

To know the network card basic knowledge to choose the suitable NIC you need, please visit us at: <http://www.lr-link.com/productchoose.html>.

Customer Support

LR-LINK customer Support Services offers a broad selection of programs including phone support and warranty service. For more information, contact us at Service and availability. <http://www.lr-link.com/contactus.html>

Shenzhen Lianrui Electronics Co.,LTD.

Shenzhen Lianrui Electronics Co.,Ltd is an efficient Ethernet adapter design company with independent research and development,using Intel,Net-swift,Tehuite,Broadcom,Realtek and other manufacturers Ethernet controller, developed by our company's independent R & D design team,manufacturedby our company workshop, and then sell.

Declaration

Our products specifications come from modifying the chip manufacturer's specifications released. Product features, technical parameters, technology right, intellectualproperty rights and brand names etc.mentioned in specifications are just referenced only.There is no infringement meaning.If there is any important andsensitive content related, please contact our Lianrui company, we'll delete them, Thank you.
